PATRIOTIC FUND

Now that all parts of the Province are making an effort to raise the amount that is estimated will be necessary for this work during the year 1917 we would call our readers attention to what has been done here.

At the meeting held in the early part of the year contributions amounting to over \$800.00 were given or promised. We are informed by the local committee that only \$433.45 of this amount has been paid in and that very few of those who promised have kept their payments up to date.

The fund is purely voluntary and it is not the committee's part to go after those who are behind with the payments which they have promised to make, but for them to come forward each month and make their payments. All you have to do is to go to the bank and any member of the staff will receive the payment and give a receipt.

We would ask those who have made promises to see how they have been keeping up their payments and endeavor to bring them up to date; and those who have given nothing, we would ask to come forward and contribute what they can, as the needs of this excellent fund are more pressing than ever.

WE CAN'T ALL FIGHT, BUT WE CAN ALL HELP THE DEPENDENTS OF THOSE WHO ARE FIGHTING FOR US, BY PAYING.

NOT GUILTY

Helmholt pleaded self-defense claiming that Whiteside had shot at him. His wife also gave evidence to the same effect. The jury brought in a verdict of "Not Guilty" and the Judge gave Helmholt his freedom.

We hear that a certain young bachelor in north, who is very fond of riding, has not yet learnt to know his own name.

Note and Comment

Overalls next year will be pink! Such is Dame Fashion's startling decree, which was received by local drygoods firms today. On account of the war in Europe and the cessation of dye exports from Germany, the blue coloring heretofore used in overalls is now altogether past history, and next year pink will be the shade resorted to by the manufacturers.

The harvester, rushing westward to the ripening grain fields will be clad in garments of a roseate hue. Pink tints will be all the rage among the sewer diggers while the bricklayers will be resplendent in overalls of sunset shade. Already modistes are calling consultations regarding 1917 overalls. The cut will be practically the same but not so the color. Denim, of which overalls are composed, is naturally a dirty yellowish white, and rather than have the wearers look like mud puddles it has been finally decided that pink will be the prevailing color. —Ker Robert Citizen.

Viscount Grey's message to the neutral nations is that they had better not interfere now in the interests of peace and must not expect to have any voice in the making of peace terms, but that they can help some, after the war, by joining with the peace-loving nations of the world. The message was needed. It is likely to prevent misunderstanding.

The following, taken from a New Zealand paper, shows the spirit of that country.

New Zealand has never wavered in her determination since war was declared, and she is unlikely to waver now, when the best blood of her sons is being shed to maintain the ideals the allies are fighting for. The New Zealand casualty lists since the capture of Flanders are a renewed pledge that there shall be no faltering. The blood of these sons will cry out from the ground if there is any sign of weakening in our task.

Old General Hindenburg says the British have no great strategists. Well, they seem to be able to put it over the Germans on the Somme front when they are in the mood for it. So long as they can do that, they needn't worry about the want of not having great strategists.

Norway might almost as well be at war with Germany as not. Her ships are being sunk as ruthlessly as though she were a belligerent.

Advice is given to save on butter and eat "dripping." The advice is good, and would no doubt, speedily bring results but how is the average individual going to get the dripping with meat the price it is?

A young lady of this city went into one of the general stores the other day and blushing asked the clerk if he "had any of those elastic bands, capable of being elongated and adjusted at pleasure, and used by the feminine portion of mankind for putting around the lower extremities of their locomotive members to keep in altitude habiliments of their tibias."

Those who may be tempted to prophesy will not overlook the strange circumstance that Christianity amidst the ruin of its precepts and its plan of life, is exhibiting more vitality, at least in England, than ever before. As Lloyd George might say, we should put our money on Christianity as the influence most likely to permeate the world in the long run with the kind of international spirit desired by Lord Bryce.

If the Greek King comes in, it will not be a case of voluntary enlistment, but of conscription.

Can Utilize Sawdust

Commercial Products Made From Waste at Sawmills

Experiments by Dr. J. F. Davidson of the University of British Columbia have resulted in the discovery of a process of distilling sawdust waste by means of which tar, a light oil, acetate of lime and charcoal are obtained. In the new process the gas produced by distillation is carried through a pipe nine inches in diameter and twenty feet long. In the pipe is an electrically charged wire, which causes precipitation of the heavy particles of tar. The tar, forty gallons for each cord of wood distilled, is of medium consistency and marketable. The light oil, obtained in a water condenser, is immediately marketable for ore refining, and the yield is twelve gallons to the cord of wood. Eighty pounds of acetate of lime are obtained for the pyrolytic acid of each cord of wood. Nine hundred pounds of charcoal are in the final yield.

Virtue of Advertising

Advantages of Advertising Brought Home to the Government

The surprise of the war in every country, but especially in Britain, France and Canada, is the invisible wealth of the masses. They have been constrained to study and practice thrift, and they have done it to advantage. The result is that when national loans have been put upon the market and the people have been asked to subscribe to them, they have gladly done so. The old stocking, or the long stocking, as some have described the recess of the people's money, has contained an amazing amount and mostly of the coin that does not depreciate. But the hidden resources had to be tapped, and the tapping was done through the newspapers. There is no doubt of that. When the first loan of \$50,000,000 was floated the Canadian Press Association suggested to the Finance Minister the advantage of advertising it. He had only to notice how the brokers made their proposals, known and he imitated them. There was nothing of the war of partisanship in this appeal. It was non-political, and it was a great success. Sir Thomas White noticed this. A repetition of the experiment had not to be pressed. Sir Thomas was ready to act himself this time, and again he has been convinced that it pays to advertise.—Kingston Whig.

Girl Offers an Eye To a Blind Soldier

French Oculist Says He Can Save Man's Sight By Grafting

A young English girl has written to Dr. Rochon, Duvergne and offering to give one of her eyes to a soldier who has lost his sight serving France. The girl, who lives in North Shields, had read a recent statement by Dr. Duvergne, one of the most famous oculists in France, that it was possible to save the sight of a man wounded in the eye by grafting a portion of the cornea of another person. In her letter she said: "If my offer is accepted, I shall consider myself under an obligation to you for permitting me to be of use to my country in the only way possible to me."

The Best Liver Pill.—The action of the liver is easily disregarded. A sudden chill, undue exposure to the elements or indulgence in some favorite food, excess in drinking, are a few of the causes. But whatever may be the cause, Parmelee's Vegetable Pills can be relied upon as the best corrective that can be taken. They are the leading liver pills and they have no superiors among such preparations.

A Decent German Doctor.—As Mr. Philip Gibbs reports it from the British lines, the truth must be in it. A captured German doctor, busy under shell fire with British wounded is speaking: "I am not a fighting man, I did not help to make the war. My work is for humanity, and your wounded are the same to me as our poor suffering men needing my help, which I am glad to give."

Has anything finer been uttered in the war? Has anything finer been done in the war on either side?

A Highlander from Tobemorey asked at the Oban railway station the price of a ticket to Killin. "So much," replied the clerk. "Hoot aw!" replied Donald; "it's far over dear! I'd rather walk!" and he started.

He had not proceeded far when the train came tearing along, whistling as it neared the station. "Ye needna whistle for me!" said Donald. "I made ye an offer afore, and ye wadna tak' it; see ye can gang on, I'm no comin'!"

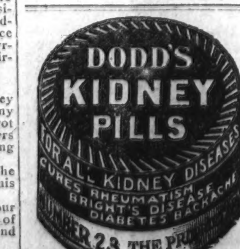

Fresh Supplies in Demand.—Wherever Dr. Thomas' Electric Oil has been introduced increased supplies have been ordered, showing that wherever goes this excellent Oil impresses it upon the people. No matter in what latitude it may be found, its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

Clerk: No, see here, little girl, I can't spend the whole day showing you penny toys. Do you want the earth with a little red face around it for one cent?

Little Girl: Let me see it.—Life.

Our Daily Duty.—Pity to the memory of the youth that the war has stolen from us, not less than duty to the future of our impoverished race, demands that we shall face our daily life in the temper in which our young men have passed to their death. Many of our traditions and customs and prejudices must disappear.—The Nation, London.

DOAN'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES

23 THE PR

Learned from a Sample Nineteen Years Ago

That He Could Depend on Dr. Chase's Kidney-Liver Pills To Cure Many of the Common Ills of Life

Living eighteen miles from a drug store, Mr. Carr found it necessary to keep in the house some treatment to regulate the action of liver, kidneys and bowels.

To the habit of keeping these important organs active by the use of Dr. Chase's Kidney-Liver Pills, when required, he attributes the good health of his large family.

Here, surely, is evidence of the value of these pills as a family medicine to protect the members of the family who use it from the common ills so many of which arise from constipation of the bowels and torpid condition of the liver and kidneys. Mr. James Carr, Maynooth, Ont., writes: "About 19 years ago I received an envelope containing two of Dr. Chase's Kidney-Liver Pills. I was doctoring at the time, and I used the pills, and by the time I

had finished one box I was cured of the pain in the back and shoulders. "We have great confidence in Dr. Chase's Medicines. I have a family of ten children and have never had a doctor in the house for any of them. We live eighteen miles from a drug store and find that these Pills cure nearly all the ordinary ills by regulating the liver, kidneys and bowels. That we are all well and sound I attribute to their use, and I have recommended them to hundreds and given away many a box because I believe there is no medicine so good."

By awakening the action of liver, kidneys and bowels Dr. Chase's Kidney-Liver Pills cleanse the system of poisons and remove the cause of biliousness, headaches, backache, lumbar, kidney disease and rheumatism. One pill a dose, 25 cents a box. All dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Scots in Heroic Charge

6,000 Out of 9,500 Lost in Battle of Loos, Says Churchill

A story of the heroism shown by Scottish and other troops at Loos was told by Winston Churchill in the British House of Commons. He was referring to the disbanding of four Scottish battalions which had covered themselves with glory at the front, and said:

"The Ninth Scottish Division, which played a notable part in the battle of Loos, lost 6,000 in killed and wounded out of 9,500 infantry. One battalion of Cameron Highlanders went into action with 850 strong with 30 officers, and the colonel and the adjutant and 110 men who were survivors, took and held their objective."

Four successive lines were swept away, and the fifth went on without hesitation, while two days later the remnant was asked to make an attack and they did it with the utmost plan and good spirit.

"These troops," Mr. Churchill went on, "1,200 selected out of a brigade of 4,000, swept over the parapets to the attack. You talk about life charges at Balacava and the Fusiliers at Albuera; even these deeds pale by these new divisions raised in the British ranks. Needless to say, no account of these achievements, other than a very jejune account published many months afterward, has reached the public."

Had Terrible Pains in Kidneys and Back.

Dear Mr. Editor—I want to write you about "Annie." I was very sick, could hardly get up most of the time. Had terrible pains in my kidneys and back, so much so that I had to scream sometimes when I was sitting down and wanted to get up. The pain was great. I had tried a well-known kidney medicine but it didn't help me. I heard of Dr. Pierce's Ananie Tablets so I thought I would give them a try. Only one box of the Tablets, and my back is now free from pain and I can work and take care of my family. I feel I cannot say enough for this medicine. Sincerely, Miss Wm. KELLER.

NOTE: This "Annie" is adapted especially for kidney complaints and diseases arising from disorders of the kidneys and bladder, such as backache, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine and urinary troubles. The physicians and specialists at Dr. Pierce's Great Institution, at Buffalo, N. Y., have thoroughly tested this prescription and have been with one accord successful in eradicating these troubles, and in most cases absolutely curing the diseased kidneys. Patients having once used "Annie" at Dr. Pierce's Invalids' Hotel, have repeatedly sent back for more. Such a demand has been created that Dr. Pierce has decided to put "Annie" in the drug stores of this country, in a ready-to-use form. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

Dr. Pierce's Golden Medical Discovery is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It purifies the blood, makes rich, red blood, which feeds the heart, nerves, brain and organs of the body. You feel clean, strong and strenuous.

Everything Going Up.—A New York newspaper remarks that while coal has gone up forty cents a ton and flour \$1.25 a bag, yeast is still selling at two cents a cake. It is just as well not to lay too much stress on the fact. The yeast may take it into its head to rise also, a thing it has frequently done.

What He Was Trying to Tell.—He: I-I have been trying to tell you something for some time, but—

She: Oh, dear me! how romantic. What—what is it, Mr. Shye?

He: You—

She: Oh, do go on—

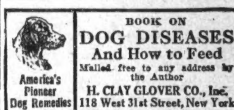

He: Your hair is coming down at the back.—Florida Times-Union.

Waste

There is no way in which our national habit of carelessness shows itself more clearly than in the size of our garbage pail. Marquis Wheat

Is Worth More Than Experimental Farms' Total Cost, Says Expert

"The Marquis variety of wheat is worth more to Canada than all the Canadian experimental farms have cost," said L. H. Newman, secretary of the Canadian Seed Growers' association, upon his return from an extensive tour of the prairie provinces. "It is hard to compute its value. Although it was only first distributed about five years ago, it is now the most popular wheat in Western Canada, and probably seventy per cent. of this year's crop was the Marquis strain. I think I am safe in saying that if the Red Fife wheat had been grown all over the country and Marquis had not been produced, we would this year have a crop of fifty million bushels less, which at prevailing prices would have meant a loss to the country of from fifty to seventy-five million dollars."

It should be added that it was Marquis wheat which won the \$1,000 prize at the New York Land Show in 1911, for the best milling wheat grown anywhere in the two Americas, and which also won the grand sweepstakes prizes for hard wheat at the International Dry Farming Congress for three years in succession—1913, 1914 and 1915.

German's View of the Battlefield
A man in the 3rd battalion of the 124th Regiment, Germany, writes a letter in which he pays a doleful tribute to our flying men:

"I am on sentry duty, and it is a very hard job, for I dare not move. Overhead are the English airmen and in front of us the English observers with telescopes, and as soon as they perceive anything twenty-four 'cigars' arrive at once, and larger than one cares to see—you understand what I mean. The country round me looks frightful. Many dead bodies belonging to both sides lie around."

Huge Arms Output

Italy Now Has Adequate Supply of Munitions From Its Own Plants

The enormous progress that the manufacture of munitions in Italy is making was revealed for the first time by Premier Bosello in a recent speech. Notwithstanding her poverty in iron and other raw materials and the high price of the transportation of coal, the premier said today Italy was able to manufacture munitions not only for herself, but to supply her allies. "She had 900 military establishments of the first class going and 800 auxiliary factories, which are worked by 425,000 hands, of whom 45,000 are women," said the premier. "Italy is now making as many guns in a month as she made in a year formerly. Her machine-gun output has multiplied six hundred times and that of shells one hundred and ten times. Her automobile output also has increased, while the aviation industry is making rapid strides."

German Potatoes Rotting

Something appears to have gone wrong with the arrangements for the distribution of Germany's potatoes, and a serious crisis is threatened. When the new crop came on the market there was a glut, but this was soon followed by a famine owing to the drastic action of various local authorities in cutting down prices and countermanding orders. Now there is a bitter feud between the agrarians and the townsmen. Vorwärts says that there are quantities of new potatoes at the very gates of Berlin, which are being hoarded up until they are in danger of rotting. The regulations of the War Food Bureau are declared to be "a deplorable fiasco."

Sockeye Pack Was Much Less Than in Previous Twelve Months

The B. C. sockeye pack is 231,000 cases, as compared with 477,000 cases last year, revealing a condition that does not make the packers optimistic. It is said to be a bad year, and this was due to the fact that weather conditions through the whole season were wet and cold, causing fish to swim low in the water and thus escape the 22ft. nets. The fish were in the rivers and inlets, but they were not caught on their way up to the spawning grounds.

It was an "off" year for sockeye on the Fraser River, but the falling off was greater than had been expected even for a slim year. One packer put up was 4,000 cases, and he was hard put to do even this. In general, however, the buyers are glad to take what they can get.

A local Territorial was placed on guard for the first time. About midnight he observed a shadowy form approaching from the distance. Fulfilling his duty, he immediately presents and shouts: "Halt! Who goes there?"

No More Asthma. Dr. J. D. Kellogg's Asthma Remedy sounds the death knell of this trying trouble. It stops the awful choking and painful breathing. It guards against night attacks and gives renewed ability to sleep and rest the whole night long. Much is claimed for this remedy, but nothing but what can be demonstrated by a trial. If you suffer from asthma try it and convince yourself of its great value.

Better Jewish Schools in Russia

Jews will enjoy greater educational advantages in Russia in the future. A series of high schools and technical schools exclusively for Jewish students is to be established, and greater freedom will be accorded with respect to their entry into the universities.

The Russian Government, it is announced, in the interest of education, extends this greater advantage to the Jews. In addition to the large number of schools exclusively for Jewish students which exist at the present time, permission has been granted for the establishment of Jewish gymnasiums (high or preparatory schools) in Petrograd, Kiev and other cities and towns, as well as colleges, among which is the polytechnic institution at Yekaterinoslav.

The increased facilities for the entry of Jews into the Petrograd University are to be seen in the fact that this year 94 out of 807 matriculated students attended the university, or about 11 1/2 per cent.

PARCELS FOR PRISONERS OF WAR

The Post Office Department has been notified by the British Post Office that many parcels sent from Canada to prisoners of war in Germany are being received in London in a damaged condition, so that frequently they have to be repacked before they can be forwarded to Holland for transmission to Germany. The British Post Office adds that in most cases the damage appears to be due to the fact that the parcels were inadequately packed by the senders.

The public are warned, therefore, that parcels for prisoners of war, unless they are very strongly packed, will probably arrive in such a condition as to be of little or no use to the recipients.

Ordinary thin cardboard boxes, such as shoeboxes, and thin wooden boxes should not be used; nor does a single sheet of ordinary brown paper afford sufficient protection. Even where proper materials are used, it is important that the contents should be tightly packed so as not to shake about during transit. The following forms of packing are recommended:

(1) Strong double cardboard or straw board boxes. Those made of corrugated cardboard and having lids which completely enclose the sides of the box are the most suitable.

(2) Tin boxes such as are used for packing biscuits.

(3) Strong wooden boxes.

(4) Several folds of stout packing paper.

The British authorities advise that parcels for prisoners of war in Germany must not be wrapped in linen, calico, canvas, or any other textile material.

Parcels posted in Canada for prisoners of war in Germany which have not been adequately packed by the senders will not be forwarded but will be returned to the senders, as the British Post Office has notified the Department that parcels which are inadequately packed must be returned to the senders.

Since the above regulations were sent out, another order has been issued which states that after Dec. 1st no parcels can be sent to individuals, who are prisoners of war in Germany, but will be distributed generally by the Red Cross.

RECORD SUM FOR CAR OF FLAX

What is considered possibly the largest cheque issued for a single car of grain has been paid by the Home Grain Co. of Winnipeg. The cheque paid out was for \$3,692.43 for a car of flax, containing 1,600 bushels of No. 1 N. W., and was shipped from Kirriemuir, Alta.

This car of flax was grown by Mr. Otto Schon of Kirriemuir.

RED CROSS

The newly formed local committee of the above Society wishes to call a public meeting for Saturday, November 11th at 3 p. m., in the Orange Hall.

Every adult, of either sex, who is interested or who may be prevailed upon to become interested in Red Cross Work is invited. Object of meeting—To discuss the advisability of forming a properly organized branch of the Society, in this district.

PARCELS FOR THE SOLDIERS

The post-office department wishes to announce that those who intend sending parcels to the men at the front should send them as soon as possible.

Owing to the irregular service across the Atlantic there is at times considerable delay in the mails. All parcels should, if possible, be mailed before the middle of this month, to ensure delivery by Christmas, to the men in France.

R. M. of Stewart Notice of Impoundment

Notice is hereby given under Section 210 of the Rural Municipality act That 3 horses; one black yearling branded, on left shoulder.

One bay gelding, 2 years old, branded on left shoulder. One brown mare, 3 years old, branded on right shoulder, were impounded in the Pound kept by the undersigned on the S. E. 128-33.5, on the 20th of Oct 1916. Dated at Monitor this 6th day of November 1916.

An Attractive Clubbing Offer

Open to the readers of the Monitor News

By an arrangement we have entered into with the publishers of The Edmonton Bulletin we are able to offer The Bulletin, Morning, Evening or Semi-Weekly to the subscribers of the News.

For \$3.00 we will send the News and The Bulletin (Morning or Evening) for one year.

The regular price of The Bulletin is \$3.00 per year and the News is \$1.00 per year. You therefore save \$1.00 by subscribing for the two through us.

The Bulletin (Semi-Weekly) and the News for the year will cost only \$1.50.

Take the Morning or Evening Bulletin for a daily review of world events and the News for your local news.

The Semi-Weekly Bulletin is the only twice a week edition in Northern Alberta. It gives in condensed form all the news of the world. Its market reports are up-to-the-minute and absolutely reliable.

By reading the Monitor News and The Bulletin—either Daily or Semi-Weekly—you get all the news, both local and foreign through the best two papers in their respective fields.

Take Advantage of the Special Clubbing Offer To-Day!

Send all orders to the Monitor News.

Mrs. Chas. Bensley was a visitor in Edmonton for several days.

The regular meeting of the Ladies Aid was held at the home of Mrs. S. English on Wednesday afternoon.

The funeral of Haldit Conwell took place on Saturday, Nov. 4th at the Monitor cemetery. Rev. J. L. Wright conducted the burial services.

Mrs. Jos. Birtles arrived home after a lengthy visit in the East.

The Kennedy Drug Co. has increased its storage capacity in order to hold the large shipment of Christmas goods which arrived last week. Larder will be a busy man now, getting these goods unpacked and put on display. This stock includes all kinds of toys, games, etc., besides a full line of Christmas presents for young and old.

Bert Deacon, of the 187th, is home for a few days.

A meeting of ladies will be held in the Church, Monitor on Monday afternoon, Nov. 13, at 2.30 with the object of forming a branch of the Church of England Woman's Auxiliary. All ladies interested are invited. Tea and coffee will be served at 4 o'clock.

Mrs. Hinek, of Stettler, is visitor at the home of her brother W. M. Gehrke.

Dr. Luckner, Dentist, will be in Monitor again from the 23rd to 29th of November.

A. J. Deadmarsh has installed an electric plant on his premises and will light his store and dwelling with electricity.

Owing to a shortage in the coal and gasoline supply the oldtime candle was brought in to use again. Several of the threshing outfits were forced to shut down until Wednesday when a supply arrived at noon.

David Houston, of the local bank staff, left for Calgary this morning. When he returns he will have his bride with him.

Considerable land is changing hands these days and is commanding a good price.

About 75% of the threshing in this district has been completed.

The regular meeting of the Village Council was held on Wednesday evening.

H. McKeehuie has been down Bladford way all week.

The snow storm yesterday makes it look as if winter had set in for good. Those who are not threshed yet will be wishing they had their grain stacked before this snow came.

Great care must be taken of the EYE, especially at this season, against STIGMATISM!
